Norms for fixing fees

The school fees has been fixed according to the affiliation by-laws set by the CBSE keeping in mind to provide good and healthy environment for quality education without putting burden on child/parents as our school is running as community service not as a business.

The following rules are strictly followed while fixing the fees :

- **Rule 7.2** - No part of income from the institution shall be diverted to any individual in the Trust / Society / Company registered under Section 25 of the Companies Act School Management Committee or to any other person. The savings, if any, after meeting the recurring and non-recurring expenditures and contribution to developmental depreciation and contingency funds may be further utilised for promoting the school. The account statement should be prepared as per rules. A copy each of statement of accounts should be sent to the board every year.
- **Rule 7.3** - The channelling of funds by the management to person(s) or enterprise other than for furthering education in the school will contravene the rules governing affiliation and call for appropriate action by the Board.
- **Rule 11.1** Fee charges should be commensurate with the facilities provided by the institution. Fees should normally be charged under the head prescribed by the Department of Education of State / U.T. for schools of different categories. No capitation fee or voluntary donations for gaining admission in the school or for any purpose should be charged / collected in the name of the school. In case of such malpractices, the Board may take drastic actions leading to the disaffiliation of the School.

Further, any school or person violates the above provision is liable for the following :

- (i) Receives capitation fee, shall be punishable with fine which may extend to ten times the capitation fee charged.
 - (ii) Subject a child to screening procedure, shall be punishable with fine which may extend to ₹25,000 for the first contravention and ₹50,000 for each subsequent contravention.
- **Rule 11.3** The unaided schools should consult parents through parent's representatives before receiving the fees. The fee should not be revised during the mid-session.
 - **Rule 19.1(ii)** It shall ensure that the school is running as a community service and not as a business and that commercialization does not take place in the school in any shape whatsoever.

Though, there is a need for the School Management to generate sufficient financial resources, to guarantee the continued existence of the institution, to meet the running expenses of the school, to maintain it at a reasonable standard of efficiency, to pay salaries to the teachers and other categories of staff regularly at least at par with the corresponding categories in the school, and to undertake improvement, development of school facilities, etc, but the school management does not make profit out of it.
